HOPEDALE, - ILLINOIS

We Want You to Have Our Descriptive Catalog

It has 48 pages of useful information and reliable descriptions. If you have not received it, or have misplaced it, a postal request will bring you another. SEND FOR IT. IT IS FREE.

LOCATION.

Hopedale is on the C. & A. R. R., 23 miles west of Bloomington, 25 miles southeast of Peoria, 2½ miles from Mindale, on the I. T. S. (electric). We have NATIONAL or AMERICAN Express. Express rates are so low now that we ship most light packages by express. Often it is cheapest, always safest.

RESPONSIBILITY.

We refer you to any business house in Hopedale as to our responsibility and reliability, also Bradstreets' Commercial Agency, Peoria, Ill.

TERMS.

CASH, unless otherwise arranged. If credit is wanted, send reference in time to investigate you.

Ten of a sort and grade at 10 rates, 50 (except seedlings packed in 100 bunches) at 100 rates, 500 at 1,000 rates.

All Goods Travel at Purchaser's Expense and Risk. We will help get claims through if stock is ruined by carriers.

Claims should be made promptly. We want and insist that you get full count and grade and strictly vital stock. You will always find us anxious to make anything good that is in any way our fault. We cannot respect claims made long after the stock has been sent. Too many things may happen to it over which we have no control. **Report at Once, Please.**

Stock Packed Free at Prices in This Catalog, and delivered to carriers. Bills of lading or express receipts are sent to customers when shipments are made. When notified of non-arrival, we trace stock from this end to hurry it through.

PLANTS BY MAIL.

We can mail any lot that does not exceed 84 inches in combined length and girth and not over 20 pounds in weight. Your postmaster can give rates. In remitting postage, be sure to allow for the weight of packing. In some cases this is greater than weight of the goods. If too much is sent, it will be returned.

APPLES AND CRABS, General Assortment.

	Each	10	100	1000
1 1/4 in.	40c	\$3.50
1 in.	35c	3.00	\$22.50	\$150.00
3/4 in.	25c	2.00	18.00	125.00

 Spruce, Colorado Blue: Blue specimens up to 4 ft., \$1.00 per ft. Green specimens—many of these turn blue later—up to 5 ft., per ft., 30c. Ball and burlapped.

Large Evergreens are much surer of growth if dug with ball of earth on roots, burlapped to hold it in place. It is planted with burlap on it, as burlap will soon rot and not disturb its growth. We do this at cost. Price varies according to size, sort and amount to be burlapped at some time. It ranges from a few cents per tree to \$1.00 and up for very large trees. We will be glad to give you close estimate of cost for burlapping on any lot you may be interested in.

SEEDLING EVERGREENS.

These we have collected out of the forest. Most of them come from Northern Michigan. They do not get here till early May. We offer these for planting hedges or windbreaks as follows: White Pine, American Arbor Vitae (White Cedar), Hemlock-Spruce, Balsam Fir. Prices are F. O. B. Hopedale, Ill.

4—8 in., per 100, \$1.00; per 1,000, \$ 7.50; per 10,000, \$ 70.00.
 8—12 in., per 100, 1.50; per 1,000, 11.00; per 10,000, 100.00.
 12—18 in., per 100, 2.50; per 1,000, 18.50; per 10,000, 145.00.

We will name lower prices F. O. B. Michigan, where they are collected for us, or in 100,000 lots. We can do many other sorts in 100 and 1,000 lots at a low price. Do not forget that these come late and cannot be shipped out with other stock in regular season.

Cut edge of wrapper to receive wire: 15c per dozen; \$1.00 per 100; \$6.50 per 1,000. Wires cut to size: Dozen, 5c; 100, 20c.

Landscape Work.

We have had some experience in this. We will be glad to advise you regarding your planting. It is not always possible for our J. W. Griesemer to call on you, especially during and just preceding the packing season. At other times his experience is at your service. If more competent service is required, we can supply it. Our charge for this work is nominal. Do not plant "haphazard." Have a definite plan and system. It pays big returns.

Tree Surgery.

Saving trees, modifying forms, or curing diseases of them is not always as difficult as one imagines. We can advise you what to do, or if conveniently near here, we can do it for you.

SPRAYING MATERIAL, ETC.
